Overview of FDLP eBooks

To help meet the needs of the Federal Depository Library community, the U.S. Government Printing Office (GPO) is now offering eBooks. These titles are joining the growing number of online resources that have been a vital part of the Federal Depository Library Program (FDLP) for over 20 years. eBook titles will be available in EPUB and MOBI formats, many of the titles will also be available in PDF format.

Users will access eBook titles via an eBook page on FDLP.gov. This webpage will provide information about FDLP eBooks and allow users to search or view all available eBook titles. Searching and browsing will direct users to brief results records in the Catalog of U.S. Government Publications (CGP). From here the users can access the full catalog record for any title to view descriptive information, and access Persistent URLs (PURLs). The PURL for each title provides permanent access to all available file formats for that title.
