

## Chat transcript – PDT Implementation & Preservation Stewards Updates

from Daniel Cornwall to everyone: 1:19 PM

Question: Is there anything in scope for FLDP with no digital equivalent that is NOT distributed to FDLs? If so, how can we get them distributed? This ONLY applies to tangible materials with NO digital equivalents.

from James Jacobs to everyone: 1:20 PM

+1 valerie. its still a valuable resource and I hope IU continues to keep it online

from Jenny Groome to everyone: 1:20 PM

IU won't load right now - did we all click on link?

from Jenny Groome to everyone: 1:21 PM

+1 Daniel - good question

from Mark Hamilton to everyone: 1:22 PM

I couldn't get the IU site to load last week, so this is ongoing. Is the Flppy Disk Project extinct?

from Sinai Wood to everyone: 1:22 PM

IU project is not functional. Primary person retired.

from James Jacobs to everyone: 1:23 PM

aaarg @Sinai. that's terrible

from Sinai Wood to everyone: 1:23 PM

yes

from James Jacobs to everyone: 1:23 PM

is there someone from IU at conference?

from Jenny Groome to everyone: 1:24 PM

Thanks Sinai - I better remove link from research guides

from Sinai Wood to everyone: 1:24 PM

yes, bummer @Jenny

from DLC - Angela Bonnell to everyone: 1:24 PM

[https://webapp1.dlib.indiana.edu/virtual\\_disk\\_library/index.cgi/](https://webapp1.dlib.indiana.edu/virtual_disk_library/index.cgi/) this works for me

from Jenny Groome to everyone: 1:25 PM

me too Angela.

from DLC - Josh Finnell to everyone: 1:25 PM

+1 Angela

from Sinai Wood to everyone: 1:25 PM

I think it works but not a viable resource to depend on or maybe someone has taken it on

from James Jacobs to everyone: 1:25 PM

maybe GPO could take it over from IU and then expand on the project with some of the savings from no longer printing ;-)

from Sinai Wood to everyone: 1:26 PM

We should add it to a list

from Kris Aberly to everyone: 1:26 PM

+1 James great suggestion

from James Jacobs to everyone: 1:26 PM

+1 Sinal

from Daniel Cornwall to everyone: 1:26 PM

Looks like Internet Archive has descriptions of the CDs but apparently not the actual disk images. See [https://web.archive.org/web/20230218133813/https://webapp1.dlib.indiana.edu/virtual\\_disk\\_library/index.cgi/projectinfo](https://web.archive.org/web/20230218133813/https://webapp1.dlib.indiana.edu/virtual_disk_library/index.cgi/projectinfo)

from Jenny Groome to everyone: 1:26 PM

+1 james - we can't all keep \*working\* hardware to access these items

from Scott Briggs to everyone: 1:29 PM

+1 Jenny

from James Jacobs to everyone: 1:29 PM

Some CDROMs are only copies of PDFs of reports. I have ripped some of those and put them in our digital repository. The problem is the CDROMs that include software (lots from census to query census data) that relies on a specific operating system (windows XP anyone?!)

from DLC - Valerie Glenn to everyone: 1:29 PM

The IU project is still listed on the GPO partnerships spreadsheet. I know that there's always an out for the partnerships, but when it comes to digital content, what happens when the partner institution can no longer participate?

from Inga to everyone: 1:30 PM

+1 Valerie

from James Jacobs to everyone: 1:30 PM

+1 valerie

from Daniel Cornwall to everyone: 1:30 PM

+1 Valerie

from Sinai Wood to everyone: 1:31 PM

Sounds like someone from Council or GPO could reach out and get an official status update and inform the dep lib community

from Sinai Wood to everyone: 1:32 PM  
and add this requirement to the partnership program

from Jenny Groome to everyone: 1:32 PM  
@james - my old personal desktop has NT and Vista - but, alas, not XP. And, yeah, I tend to use my laptop instead

from Jenny Groome to everyone: 1:33 PM  
+1 Sinai - yes! some of us assume it is part of agreements

from DLC - Aimee Quinn to everyone: 1:33 PM  
I think there needs to be something in the Partnership agreement which includes what happens when the person responsible for the Partnership retires or moves and nobody picks up that requirement. It should become the administrator's responsibility to follow-up or something.

from Elisabeth Garner to everyone: 1:33 PM  
especially good to notify MARCIVE, (if you use them), if you're changing ILS platforms. We're changing from Sierra to ALMA later this year, next year, timeframe

from DLC - Josh Finnell to everyone: 1:33 PM  
+1 Elisabeth

from Kimberly Allen to everyone: 1:34 PM  
We're looking at Sierra to Alma as well, but no final time line yet.

from Ronne Cox to everyone: 1:35 PM  
new person.. Is marcive the ones who will supply all the electronic resources once we are all digital or do we get them from somewhere else?

from Ronne Cox to everyone: 1:35 PM  
metadata/records..

from Jim Noel to everyone: 1:35 PM  
We provide cataloging for all formats.

from Elisabeth Garner to everyone: 1:35 PM  
@Kimberly, fortunately, our Resource Description and Management department gets to deal with that transition for us! :)

from DLC - Aimee Quinn to everyone: 1:36 PM  
@Elisabeth Garner, do you as the depository librarian have any say into procedures?

from Elisabeth Garner to everyone: 1:38 PM  
Yes, I would be able to offer insight. I keep in contact with our Lead Cataloger and he helps me whenever I have cataloging questions related to Government bib records, for example

from Jenny Groome to everyone: 1:38 PM

request - when creating slides, please consider accessibility and don't rely on just color - not enough contrast on screen or when printed in black & white (NCSA map too)

from DLC - Aimee Quinn to everyone: 1:38 PM  
That is great,, @ Elisabeth

from Alicia Kubas to everyone: 1:39 PM  
@Ronne feel free to submit an inquiry via askGPO (ask.gpo.gov) or feel free to email us at fdlpoutreach@gpo.gov to discuss options for getting metadata and records for digital FDL content.

from Ronne Cox to everyone: 1:41 PM  
@alicia ok. we get them from marcive i just wasn't sure if it would supply all once we switch to just digital or if i needed to do anything..

from Jim Noel to everyone: 1:41 PM  
Ronne, let's schedule a call about what we're doing for you.

from Jenny Groome to everyone: 1:41 PM  
@Ronne, I can't endorse a product (state employee) but I can say Jim Noel is very helpful!

from Alicia Kubas to everyone: 1:42 PM  
@Ronne thanks for clarifying! that makes sense. It sounds like Jim at Marcive can help you sort this out.

from Ronne Cox to everyone: 1:42 PM  
@Jim sounds good! i'll email

from Joshua Olsen to everyone: 1:42 PM  
@Ronnie, I think if you get at least 50 records a month you will continue to receive records from Marcive. Even if they are all digital.

from James Jacobs to everyone: 1:42 PM  
@Jim we switched to 100% for digital for our marcives subscription. How many other FDLs have done that?

from Lynde Roberts to everyone: 1:42 PM  
+1 Jenny Jim is great at helping you get it all sorted out

from Lisa DeLuca to everyone: 1:43 PM  
Excited to work with everyone.

from Malea Walker to everyone: 1:43 PM  
Digital isn't free!

from Scott Briggs to everyone: 1:44 PM  
+1 Malea
