

October 1, 2020

Dear Regional Depository Coordinator:

This letter is to inform you that another title has become eligible for discard, in accordance with Superintendent of Documents Public Policy Statement (SOD-PPS) 2020-1 [Government Publications Authorized for Discard by Regional Depository Libraries](#), effective October 1, 2020.

Titles are eligible for discard by regional depositories when:

1. A digital equivalent is available on **govinfo**, or from the digital repository of a Digital Preservation Steward or Federal agency partner, in a format that meets the standards of the Superintendent of Documents as verifiably authentic.
2. The item has been held by the regional library for 5 years.
3. A minimum of 4 tangible copies are held by geographically dispersed Preservation Stewards.
4. The regional library is in compliance with all agreements deposited with the Superintendent of Documents (e.g. Shared Housing Agreements, Shared Regional Agreements.)
5. The Superintendent of Documents has officially authorized the discard.

I am pleased to announce that several additional volumes of the *Public Papers of the Presidents* have met these criteria. I now invite regional depository libraries that wish to discard these volumes to submit a request for an authorized approval to discard.

For information on the eligibility of specific volumes, the instructions for submitting a request, the regional discard process, or if you have any questions, please see the [Regional Discard Policy](#) page on FDLP.gov

Sincerely,

LAURIE B. HALL  
Superintendent of Documents
