## U.S. GOVERNMENT PUBLISHING OFFICE LIBRARY SERVICES & CONTENT MANAGEMENT UPDATE

Doubletree Hotel — 300 Army Navy Drive, Arlington, VA 22202

The following describes highlights and accomplishments in the U.S. Government Publishing Office's (GPO's) Library Services and Content Management (LSCM) business unit in FY 2019.

### GPO welcomes our newest Federal depository libraries:

- Dixon Public Library (Illinois)
- Loudoun County Public Library (Virginia)

### FDLP Academy

<https://www.fdlp.gov/about-the-fdlp/fdlp-academy>

GPO's FDLP Academy is a free source for training opportunities, events, webinars, and webcasts for both the FDLP community and non-depository libraries. In FY 2019, the FDLP Academy hosted 35 webinars, with nearly 4,000 combined registrants. Training topics covered Government information resources such as [data.census.gov](http://data.census.gov), cataloging, collection and depository management, library marketing, and more. This year, 35 webcasts were produced by GPO staff on topics such as free catalog records available through the CGP on GitHub, how depository libraries can get usage statistics using the FDLP PURL Usage Report, **govinfo**, and FDLP eXchange. These recordings have been released via the FDLP Academy Training Repository. Additionally, more in-depth training was provided for selected depository library staff through two sessions of the FDLP Coordinator Certificate Program and the Regional Coordinator Program. For information about open registration in these training programs, watch FDLP News and Events for alerts.

### FDLP Coordinator Certificate Program

<https://www.fdlp.gov/academy/fdlp-coordinator-certificate-program>

The FDLP Coordinator Certificate Program (CCP) provides in-depth, virtual classes on managing depository collections in compliance with the *Legal Requirements & Program Regulations of the FDLP*. It brings together GPO and depository libraries in a unique way to strengthen and improve the FDLP. The program is free to participants and open to the public. It is conducted virtually
