

Join the FDLP Cataloging Record Distribution Program

Some vacancies are still available for your library to join now

Presented at the Federal Depository Library Conference, Oct. 2020

What do you want to do?

- ◊ Increase visibility of Federal depository resources at your library with more cataloging?
- ◊ Start cataloging your Federal depository collection going forward?
- ◊ Acquire tailored GPO catalog records sets for the publications of most interest to your library patrons, that is, those that support your collection development activities involving item selection review or selection of SuDocs stems?
- ◊ Identify online publications for your library and acquire catalog records for them?
- ◊ Acquire "changed records" to update records in your catalog after GPO makes a change to the records?

Cataloging

Accomplish this:

Join the [Cataloging Record Distribution Program \(CRDP\)](#), a service available only to Federal depository libraries.

GPO contracts with [MARCIVE, Inc.](#) for this bibliographic record service.

The CRDP will provide your library with:

- * Monthly sets of [GPO produced catalog records](#) at no cost.
- * Options to develop your [library's CRDP customized profile](#).

CRDP Profile Options include:

- All newly created cataloging records or
- All newly created records, plus [changed or updated bibliographic records](#)

And (optionally)

- [Catalog records without item numbers or records which include inactive item numbers](#), identified through selection of desired SuDocs stems
- [FDLP Basic Collection](#) catalog records
- [Monthly Records Lists](#) (aka titles lists)
- Holding records for OCLC

Record sets are organized per [custom options](#).

Interested in Joining?

- Contact Federal Depository Support Services at [<FDLPOutreach@gpo.gov>](mailto:FDLPOutreach@gpo.gov) and request that your library be added to the wait list. *Don't hesitate! It's first come, first served.*
- [Contact MARCIVE](#) with any technical questions.
- Review the [CRDP minimum participation requirements](#).
- Review the brief [CRDP Profile Guide](#), which provides instructions to follow when joining. See also the [Completing the CRDP Profile webcast](#).
- Review and update [your depository's FDLP item number selection profile](#), as appropriate. Contact GPO for assistance with item numbers.
