A satellite image of Earth showing a large hurricane over the Atlantic Ocean and the Caribbean Sea. The hurricane is a large, circular storm system with a distinct eye and spiral cloud bands. The surrounding ocean is dark blue, and the landmasses are green and brown. The sky is filled with white clouds.

Context

Defined as “1: the words that are used with a certain word or phrase and that help to explain its meaning; 2: the situation in which something happens: the group of conditions that exist where and when something happens” (Merriam-Webster Dictionary 2022b).

Conclusion

- Copyrighted images are still useful!
- Give credit!
- Government images are cool (and sometimes surprising)!

A close-up photograph of two fluffy owl chicks nestled in a nest made of dry sticks and twigs. The chicks have large, bright yellow eyes and are looking towards the camera. The nest is constructed from various sizes of brown, weathered wood. The background is a plain, light color, possibly a sky or a wall.

Thanks!
