Dear Federal Depository Librarian,

The U.S. Government Publishing Office (GPO) has been notified by the publishing agency, the United States Coast Guard, that certain volumes of historic military registers distributed to depository libraries through the Federal Depository Library Program (FDLP) contain personally identifiable information (PII).

Some issues were distributed in print, and some issues were distributed in microfiche. Please immediately remove the listed volumes from your collection, in all formats, and destroy them by any means that will prevent disclosure of the PII.
