

What is a Digital FDLP?

Vision for a Digital Federal Depository Library Program (FDLP)

A digital FDLP

- **Connects** the public with historic and current Federal Government information, when and where it is needed.
- **Prioritizes** digital, permanent public access while acknowledging the legacy of tangible resources.
- **Collaborates** with our library partners and Federal Government information producers and stakeholders in new and innovative ways.
- **Promotes** state-of-the art technology solutions and services.
- **Supports** the vision of *America Informed*.
