

New Additions:

Enhancements to the CGP and Related Services - 10th Anniversary Edition

Patricia A. Duplantis
October 17, 2016

Security Focus

- Migrated the ILS including the CGP to Amazon Web Services FedRAMP (Federal Risk and Authorization Management Program) compliant cloud platform.
- Implemented HTTPS on the CGP, MetaLib, and FDL D.
- Enhanced processes for system updates, upgrades, scans, tests, and continuous monitoring.
- Certified Systems Security staff
 - (1 certified; 1 in training)

Fun Facts

- March 9, 2016 marked the 10th anniversary of the CGP as an Integrated Library System (ILS).
- In FY16, we had over 37 million successful searches in the CGP.
- We have approximately 195 countries/entities that have accessed the CGP, based on domain extensions.
- We have nearly a million bibliographic records in the CGP, of which nearly 165,000 have PURLs.

CGP Enhancements
