

## New govinfo – Chat log

**Ashley Dahlen** -> All Participants: Sooo - let the record show that all presenters had successful audio checks? Darn gremlins...

**Kelly Seifert** -> All Participants: i second that :)

**Kelly Seifert** -> All Participants: GPO's System of Online Access | Collection Development Plan announcement: <https://www.fdlp.gov/news-and-events/4697-collection-development-plan-updated-fdlp-community-invited-to-contribute-to-gpo-s-efforts>

**Kelly Seifert** -> All Participants: Serial Set session - Thursday, Oct 22, 3:30pm

**Kelly Seifert** -> All Participants: GPO Needs List LibGuide:  
<https://libguides.fdlp.gov/GPODigitization>

**Kelly Seifert** -> All Participants: Partnerships: <https://www.fdlp.gov/about-the-fdlp/partnerships>

**Kelly Seifert** -> All Participants: govinfo Feature Articles: <https://www.govinfo.gov/features>

**James Jacobs** -> All Participants: The NIST collection is historic only? Or are you also collecting born-digital current publications?

**Abby McDermott** -> All Participants: Hello James - You can find the NIST collection on govinfo here: <https://www.govinfo.gov/collection/nist>

**Abby McDermott** -> All Participants: The coverage dates are included for a number of the titles

**Lawana Gladney** -> All Participants: yes

**Asteria Ndulute** -> All Participants: Yes

**James Jacobs** -> All Participants: Thanks Abby

**Lawana Gladney** -> All Participants: GREAT

**Kelly Seifert** -> All Participants: I love pies

**Beth Downing** -> All Participants: How long does the CSV download take? I have had one running for 2 hours with no results. (just happened to do this today before we got started)

**Beth Downing** -> All Participants: I linked from this PURL from my ILS  
<http://purl.access.gpo.gov/GPO/LPS88947>

**James Jacobs** -> All Participants: you mean purl.fdlp.gov Beth? :-)

**Jenny Groome** -> All Participants: okay folks - in a research guide - would you link to govinfo bill history or congress.gov bill history?

**James Jacobs** -> All Participants: w00t LOCKSS!!

**Jenny Groome** -> All Participants: Are featured articles archived? So we could link to them?

**Kathleen Hale** -> All Participants: I asked for a 'feature' for National History Day and she made one!

**Simon Healey** -> All Participants: I'm legally blind and using screen magnification software - you might want to check W3C color contrast guidance - light red on a white background isn't an easy contrast

**Jenny Groome** -> All Participants: Kathleen - I need to find the History Day feature

**Simon Healey** -> All Participants: Apart from that color contrast is good

**Megan Minta** -> All Participants: 2019-2020 National History Day featured content:  
<https://www.govinfo.gov/features/national-history-day>

**Kathleen Hale** -> All Participants: They have last year. The 2021 should be out in November

**Jon Quandt** -> All Participants: <https://www.govinfo.gov/features/govinfo-search-widget>

**Kathleen Hale** -> All Participants: That would be great!

**Sarah Erikson** -> All Participants: so this widget is not yet available?

**Lucy Duhon** -> All Participants: thank you!

**James Jacobs** -> All Participants: ooh can I add the widget to my browser search bar?

**Laura Tolliver** -> All Participants: Love the chat widget option!!!

**Jenny Groome** -> All Participants: Next: A widget that searches across CGP and gov info

**karina ricker** -> All Participants: Not all materials on govinfo have records with PURLS in CGP, e.g., Congressional Hearings. Could the cataloging status be included as part of the resource's "About" section in govinfo? This info would aid those of us doing weeding of tangible materials if we'd rather not weed until the MARC record is available.

**Sarah Erikson** -> All Participants: A and B. I love citation management. but the search widget was so cool.

**Jenny Groome** -> All Participants: combining CGP and govinfo search some how

**Sinai Wood** -> All Participants: Love the widget. I would say, add a qualifier to the header in the widget box. Add "(GPO)" to the end of the text so that searchers know you're searching what is available through GPO.

**Jenny Groome** -> All Participants: Citations - a generic RIS file that can work with most citation managers

**Jenny Groome** -> All Participants: Thanks!

**James Jacobs** -> All Participants: Thanks for the info!

**Lawana Gladney** -> All Participants: That was great. How far back do you have data recorded?

**Pamela Orme** -> All Participants: Thank you all!

**Scott Matheson** -> All Participants: Other: API endpoint for keyword search, to return packages or granules (per parameter). Or other exposure of solr index / results.

**James Jacobs** -> All Participants: Thanks Lisa for the NIST info

**Lucy Duhon** -> All Participants: Not sure if directly related to your presentation, but in the CGP and the related MetaLib federated search box, is there any way to retain search results from that site - like a saved search strategy?

**James Jacobs** -> All Participants: awesome thanks Jon

**karina ricker** -> All Participants: Need a general statement in About, such as 100th congress cataloging in CGP.

**karina ricker** -> All Participants: who do I contact?

**Lucy Duhon** -> All Participants: thank you!

**Catherine Bloom** -> All Participants: I'm here

**Keven McGinn** -> All Participants: I am interested, too, in a CGP Saved Search Strategy!

**Jenny Groome** -> All Participants: I'm also interested in saved searches

**Keven McGinn** -> All Participants: YUP!

**James Jacobs** -> All Participants: YES!

**Chris Brown** -> All Participants: es

**Lucy Duhon** -> All Participants: thank you. I was hoping a saved search could help us link results out to something like a libguide. thanks so much for the tip

**Jenny Groome** -> All Participants: It helps for us to put in research guide a search

**Ann Spinney** -> All Participants: also interested  
**Keven McGinn** -> All Participants: This has been most informative- thank you Panelists!  
**Jenny Groome** -> All Participants: Thanks!  
**Carolyn Ottoson** -> All Participants: Thank you!  
**Lori Driver** -> All Participants: Thank you!!  
**Lucy Duhon** -> All Participants: great presentation  
**Kelly Smith** -> All Participants: Thanks, all!  
**Thomas Rohrig** -> All Participants: Thank you!  
**Lisa Hartman** -> All Participants: Thank you!  
**Andrea Stelljes** -> All Participants: Thank you!  
**Blaine Redemer** -> All Participants: Thank you. Very helpful!  
**Louise Buckley** -> All Participants: Very helpful. Thank you!  
**Min Shaheen** -> All Participants: Thank you.  
**Jose Torres** -> All Participants: Much appreciated!  
**Sinai Wood** -> All Participants: Thank you! Good info  
**Kristina Martinez** -> All Participants: thank you!  
**Asteria Ndulute** -> All Participants: The addition of featured article is very welcome  
**JoAnna McCulley** -> All Participants: Thank you! Can't wait for the widget!  
**Donald Sensabaugh** -> All Participants: Thank you!  
**Asteria Ndulute** -> All Participants: Thank you  
**Elizabeth Barron** -> All Participants: Many thanks!  
**emily dovermann** -> All Participants: Great! Thanks!!
