An Introduction to Persistent Digital Identifiers: <https://www.fdlp.gov/file-repository/outreach/events/depository-library-council-dlc-meetings/2020-meeting-proceedings/2020-fall-federal-depository-library-conference/handouts-slides/4504-dois-purls-uris-oh-my-an-introduction-to-persistent-digital-identifiers-slides/file>

**Cindy Etkin** -> All Participants: The recommendations of the working group are in their report: ~38#x2022; Depository Libraries in a COVID-19 Pandemic Environment <https://www.fdlp.gov/file-repository/outreach/events/depository-library-council-dlc-meetings/2020-meeting-proceedings/2020-fall-federal-depository-library-conference/handouts-slides/4581-depository-libraries-in-a-covid-19-pandemic-environment/file>

**Cindy Etkin** -> All Participants: Impact on regionals and GPO as well as selectives should be considered.

**Perveen Rustomfram** -> All Participants: What will an all digital FDLP look like? Will catalog records have PURLs or will this mean digital deposit?

**Arlene Weible** -> All Participants: As an observer, I'll comment that the question that needs to be explored needs to be clarified. There are many e-only selectives right now, so what is the question?

**Cindy Etkin** -> All Participants: Here's the text of the recommendation: GPO, working with the DLC, begin to explore and discuss with the FDLP community the possibility of an all-digital FDLP. To facilitate this discussion, Council further recommends GPO develop a white paper defining what an all-digital FDLP or, in the alternative, a primarily digital FDLP might look like. The resulting white paper is to be shared with Council and the community for comments with GPO reporting on the resulting comments at the proper time.

**Stephen Parks** -> All Participants: It's to explore what a digital-onlu Program would be like ...

not what a digital-only library would be like ... was my understanding

**Arlene Weible** -> All Participants: Thanks for the clarification, Stephen. An individual FDLF library knows what it needs to do to be e-only, but the program as a whole being all digital is a whole other discussion

**Arlene Weible** -> All Participants: Sounds like what needs to be done is develop some models of what an all-digital FDLF program could look like

**Donald Sensabaugh** -> All Participants: I agree Arlene

**Perveen Rustomfram** -> All Participants: Agree with Arlene

**Arlene Weible** -> All Participants: Developing possible models would help make the conversation about the issue more clear

**Cindy Etkin** -> All Participants: If this moves forward as a recommendation to GPO -- all of these questions are good ones that would need to be considered as part of exploration. As the recommendation says, this should be done with the FDLF community. No definitive answers today. There would be plenty of opportunities for input by the community.

**Renee Bosman** -> All Participants: I think that "moving towards" terminology is key; it's helpful to think of exploring it as a continuum.

**Sheila Dorsey** -> All Participants: A Preservation Steward library might be allowed to keep only those titles in the preservation model. It could accelerate the discard process.

**Arlene Weible** -> All Participants: I think the community would like to understand the method of exploration DLC plans to use

**Shari Laster** -> All Participants: +1 Arlene

**Cindy Etkin** -> All Participants: +Arlene on models

**Angela Kent** -> All Participants: Agree with Arlene. And thank you Stephen for clarification

**Arlene Weible** -> All Participants: Very good point about using pandemic experience to frame conversation

**Yvonne Williams** -> All Participants: Thank you all.

**Lisa Pritchard** -> All Participants: Yes

**Arlene Weible** -> All Participants: Can I suggest having topic focused open forums? Topics like communications, material delivery, etc

**Lisa Pritchard** -> All Participants: Good idea about topics. Please send your ideas.

**Kelly Seifert** -> All Participants: thanks, Yvonne!

**Lisa Pritchard** -> All Participants: Or bring to next meeting. :)

**Lisa Pritchard** -> All Participants: Thank you.

**Jen Kirk** -> All Participants: Thanks to all council members!
