Mimi Curlee -> All Participants: Most of the microfiche and historic print I've retained are Census. Can the GPO digitize these? The Census Bureau only has some of it.

Jennifer Castle -> All Participants: Is this recorded?

Bill Sudduth -> All Participants: Please clarify the contract end dates versus the anticipated distribution end dates.

Laura Tolliver -> All Participants: For someone new to Gov Docs, how do we know we have deselected MF completely? I think I did it correctly but not sure.

Ashley Dahlen -> All Participants: Jennifer, This meeting is being recorded and you will receive an email with a link to the recording.

Mimi Curlee -> All Participants: Great!

Bill Sudduth -> All Participants: Thanks

Andrea Cox -> All Participants: I'm at a Selective, if I were to wish to become a Print Selector, would I need to reach out and coordinate with my Regional first?

Joy Urbina -> All Participants: As a selective, we're out of space for print, but have some room for MF. Can we weed the print and keep the MF?

Laura Tolliver -> All Participants: Okay great, thank you!

Bill Sudduth -> All Participants: Will GPO create/publish a list of Preservation and Print stewards by sudocs, region, etc?

Andrea Cox -> All Participants: Oops, I meant Preservation Steward, same question

Jacqueline Celecia -> All Participants: I might have missed this point about the microfiche to print selection. If we are receiving microfiche, will I need to then select print or will I automatically begin receiving print.?

Joy Urbina -> All Participants: Thank you!

Richard Todd -> All Participants: It sounds like a well planned phase out. Thanks for the presentation.

Bill Sudduth -> All Participants: Thanks

Abigail McDermott -> All Participants: There is currently a list of all Preservation Stewards (for

any SuDoc class or title) available from the Partnerships page on FDL.gov:

https://www.fdlp.gov/sites/default/files/file_repo/Pres-Stewards-by-SuDoc-2022FEB02.xlsx

Kate Pitcher -> All Participants: Map for preservation stewards also:

Jacqueline Celecia -> All Participants: Thank you

Joy Urbina -> All Participants: Sorry, I'm new too. Where do I update our profile for the MF to print?

Joy Urbina -> All Participants: Thank you!

Jacqueline Celecia -> All Participants: I am a selective

Jacqueline Celecia -> All Participants: thank you for the clarification

Thomas Fischlschweiger -> All Participants: Another issue regarding fiche retention is preservation. We are having a serious case of "Vinegar Syndrome" among some of our non-doc microforms, but we have been advised to weed as much as possible to reduce the chance of further deterioration/contamination. Also, some other sources may have different characteristics. We have a fairly comprehensive set of ASI fiche, which is a commercial publication and includes a lot of Census, and these seem to hold up better over time than the GPO Census fiche for some reason (but they are definitely not silver). Evaluate your microforms carefully before making a final decision to keep or weed fiche or paper.

Suzanne Reinman -> All Participants: Will GPO be tracking progress in our region did you say that you will be putting together a page for this, thank you

Perveen Rustomfram -> All Participants: For Regionals--if one or more regional in the southern NCSA serves as a preservation steward for a particular title/SuDoc then other regionals may deselect paper, correct?

Perveen Rustomfram -> All Participants: Thanks, Ashley!

Suzanne Reinman -> All Participants: Will you be having meetings like this periodically for each regiona.

Suzanne Reinman -> All Participants: region.

Carolyn Ottoson -> All Participants: During a possible government shutdown, would online resources still be available?

Laurie Hall -> All Participants: we would really love to come visit everyone in the South sometime soon

Carolyn Ottoson -> All Participants: thank you

Carolyn Ottoson -> All Participants: great thank you

Suzanne Reinman -> All Participants: Will the slides be available thank you so much.

Ashley Dahlen -> All Participants: The slides will be available with the recording and chat log

Kate Pitcher -> All Participants: Suzanne - yes

Jacqueline Celecia -> All Participants: Thank you for this informative meeting

Sandy Himel -> All Participants: What about best practices for proper disposal of microfiche?
