# WHY ECONOMIC RESOURCES?

“Episodes of high inflation, which carry high economic costs, are nothing new and instead a recurrent feature in U.S. history,”

[CPI Inflation Calculator - Bureau of Labor Statistics](https://www.bls.gov/data/inflation_calculator)

[https://www.bls.gov > data > inflation\\_calculator](https://www.bls.gov/data/inflation_calculator)

The CPI *inflation* calculator uses the Consumer Price Index for All Urban Consumers (CPI-U) U.S. city average series for all items, not seasonally adjusted.

### Fed Explained

The Federal Reserve System is the central bank of the United States. It performs five general functions to promote the effective operation of the U.S. economy and, more generally, the public interest. The Federal Reserve

- conducts the nation's monetary policy to promote maximum employment, stable prices, and moderate long-term interest rates in the U.S. economy;
- promotes the stability of the financial system and seeks to minimize and contain systemic risks through active monitoring and engagement in the U.S. and abroad;

<https://www.federalreserve.gov/>

- promotes the stability of the financial system and seeks to minimize and contain systemic risks through active monitoring and engagement in the U.S. and abroad;
- promotes the safety and soundness of individual financial institutions and monitors their impact on the financial system as a whole;
- fosters payment and settlement system safety and efficiency through services to the banking industry and the U.S. government that facilitate U.S.-dollar transactions and payments; and
- promotes consumer protection and community development through consumer-focused supervision and examination, research and analysis of emerging consumer issues and trends, community economic development activities, and the administration of consumer laws and regulations.

Consumer Financial  
Protection Bureau

The Consumer Financial Protection Bureau is a 21st century agency that implements and enforces Federal consumer financial law and ensures that markets for consumer financial products are fair, transparent, and competitive.

We aim to make consumer financial markets work for consumers, responsible providers, and the overall economy. We protect consumers from unfair, deceptive, or abusive practices and take action against companies that break the law. We arm people with the information, steps, and tools that they need to make smart financial decisions.

Consumer Financial  
Protection Bureau

### **Our work includes:**

- Rooting out unfair, deceptive, or abusive acts or practices by writing rules, supervising companies, and enforcing the law
- Enforcing laws that outlaw discrimination in consumer finance
- Taking consumer complaints
- Enhancing financial education
- Researching the consumer experience of using financial products
- Monitoring financial markets for new risks to consumers
