American Indian, Alaska Native, Native Hawaiian (AIANNH) Subject-Based Resources

American Indian, Alaska Native, Native Hawaiian (AIANNH) - Subject-Based Resources

Tribal College Federal depository libraries (FDLs) requested that GPO provide notifications of newly cataloged online resources based on specific subject areas. The FDLs worked with Library Technical Services staff to compile lists of LCSH terms. The comma-separated values (CSV) and portable document format (PDF) files include major metadata fields and PURLs for each publication. We also offer MARC and MARC XML files. As our service expands, additional topics will be added to the ones below.

Water-Resources Investigations Report 97-4114

Missing or Murdered Indigenous Persons (MMIP)

Indigenous persons experience disproportionately high rates of violence, and, relatedly, are reported missing or are murdered at high rates. Tribes and organizations that receive funding from the Office for Victims of Crime (OVC) Tribal Victim Services Set-Aside Program (TVSSA) can use their funds to help Missing or Murdered Indigenous Persons (MMIP) by:

- Providing services to the family members of MMIP victims.
- Generating awareness of MMIP among community members in general as well as individual MMIP cases.

In response to feedback OVC received through Tribal consultations, OVC TVSSA grantees may now use their funding to assist family members of a missing person under the following circumstances:

1. The missing person is known to be a victim of kidnapping or in the company of a human trafficker.
2. The individual's disappearance is under investigation by law enforcement.
3. The missing person's family members fear that they may be a victim of crime.⁴
