Other stated Ben's Guide to the U.S. Government was launched in 2000 by the U.S. Government Publishing Office (GPO). An updated and redesigned version of the popular educational website was launched in 2015. Which is most accurate?

from Kelly Seifert to everyone: 4:19 PM
Interesting... we have always stated 1999 was the launch year. The memorandum was 1997:

Others with same initials, exchange "You" with name to distinguish. Thank You.

from Mark Hamilton to everyone: 4:29 PM
I do not remember. If a title is on GPO's needs list does it bypass Regional Review in FDLP eXchange?

from Marcos Corona to everyone: 4:30 PM
@Mark thank you for asking that as I didnt even consider that!

Partnerships: <https://fdlp.gov/collaborations-with-gpo/partnerships>

from Lisa Russell to everyone: 4:32 PM
@Mark - no, it still goes through regional review if it is on the GPO needs list.

from Yan Liao to everyone: 4:32 PM
@Mark - I was told it's preferred to have items remain in the Regional.

from Lula Westbrook to everyone: 4:34 PM
Is that right? Thank you.

from Mark Hamilton to everyone: 4:35 PM
Thank you @Lisa and @Yan!

from Mark Ames to everyone: 4:47 PM

Question answered

from Andrea Stelljes to everyone: 4:51 PM
Is there a button to "clear" the search box to begin a new search? Am I missing it? I think it would be helpful.

from Eileen Snyder to everyone: 4:51 PM
Adding the file size and download info is fantastic - it was always a little shocking to click on a link and suddenly be downloading a 900mb file.

from Mark Hamilton to everyone: 4:51 PM
Is "Related documents for reports to public laws" like legislative history material for each law?

from Trina Magi to everyone: 4:52 PM
Very nice to include the year, in addition to Congress number. That's so helpful.
