00:24:10 Patricia Rush: Do we need to sign in?

00:24:30 Lorelei Sensabaugh: No, we are just waiting to start the webinar at 2pm on the dot. :)

00:25:08 Patricia Rush: It is highlighted on my screen and I was curious. Thank you!

00:36:29 Dominick Lombardo: i was glad to be supportive...

00:48:38 Cyril Oberlander: When is bulk action going to be added? Thank you

00:48:57 Cyril Oberlander: Excellent

01:09:31 Mark Hamilton: What is the difference between Matched and Match Complete?

01:10:44 Andria Morningstar-Gray: If someone has left our library, and our admin is changed to a new librarian, will all of our older/past offers be viewable by our new admin?

01:11:39 Jennifer Chapman: Andria, I can answer this: the answer is yes the old offers will be viewable. I had the same situation recently.

01:11:54 Mark Hamilton: Thank you!

01:12:01 Andria Morningstar-Gray: Thank you

01:13:01 Patricia Rush: My question is about the physical items after they have been offered and okayed for discard, what are our options for how to handle them? Specifically, can we put them in recycle?

01:13:58 Amy Laub: Patricia, you may put those items in the recycle bin. The only thing you cannot do is sell the items.

01:14:03 Emm Coats: We recycle our discards.

01:15:21 Cyril Oberlander: How widely varied are the regional depositories about their review limitations and exceptions?

01:15:25 Patricia Rush: Ahhh - thank you. I thought that if we get money for the recycling that that was not allowed so this helps!

01:15:41 Beth Downing: I have struggled to find the mailing address for matching libraries. Is there an easier way to find this?

01:15:42 Megan Graewingholt: When we weeded our maps, we did an art program out of it! Nautical maps make great sailor hats!

01:15:49 Andria Morningstar-Gray: How do we decide the length for review? Is that actually mandated by our regional?

01:16:05 Cyril Oberlander: Thank you

01:16:13 Patricia Rush: Oooo - perfect idea Andria.

01:16:43 Sarah Erikson: What happens if there are really old matches... like from 2020 still in process

01:17:37 Brent Abercrombie: Do offer libraries need to delete their offered titles after the item has gone through the process unclaimed or will it automatically be deleted?

01:19:04 Patricia Rush: Good question Sarah!

01:19:20 Amy Laub: I love the creative ideas for discarded materials!

01:20:18 Megan Graewingholt: They are also great if you offer a Zine program. Students often just need to cut out letters of different sizes. We no longer have physical magazines so discards come in handy here too.

01:21:11 Megan Graewingholt: This was my question. How to delete old Kept items.

01:21:12 Brent Abercrombie: It was more about the selective library having to hold the physical item for an extended period of time.

01:21:36 Sarah Erikson: I have offers with a status of "Allowed to discard" from 2024 - do they stay in offers until I make discarded or kept?

01:21:40 Andria Morningstar-Gray: I took that question to mean, when we are given notice that the item can be discarded, do we need to mark it as such?

01:22:32 Andria Morningstar-Gray: That answers it. Thank you.

01:22:52 Brent Abercrombie: So the item goes through regional, then is offered nationally but unclaimed. Does that offered titled stay online for national view until the library deletes it?

01:24:51 Brent Abercrombie: I just worry that another library tries to claim an offered title 3 months away, which by then the offering library has since recycled said item. I just want to know if I should be reminding Selectives about deleting old lists/offers.

01:25:01 Brent Abercrombie: Thanks!

01:25:26 Cyril Oberlander: Thank you
